

**Monthly ANC business meeting:**  
**Wednesday, January 9, 2002, 7:00 p.m.**  
**3rd District Police Headquarters**  
17th and V Sts., NW

At the January monthly meeting of ANC 1C, attendees voiced their support for the opening of Klinge Road. Residents of Lanier Place expressed concerns regarding overflow traffic since the Klinge closure. Police also supported reopening Klinge. Captain Manning urged open roads enhance police operations and emergency preparedness. The captain pointed out that multiple bridge closings and other emergency scenarios are less difficult to imagine these days. Many of these scenarios involve transporting personnel and equipment across wards and through the city. Eliminating roads restricts logistical options.
