

## **Klinge deterioration, closure are shameful**

It is a travesty that Klinge Road through Rock Creek Park was allowed to fall into disrepair and disappear!

I am a native Washingtonian (fourth generation), and I can't think of another road in the District that has been given the same shameful treatment. I remember beautiful rides through Rock Creek Park before we had air conditioning in our homes and cars, from Wisconsin Avenue and Woodley Road across to Georgia Avenue, where my grandparents lived.

It's bad enough that Rock Creek Park has many roads closed for biking and jogging. No longer is it an effective way to get from one section of the city to another, while enjoying nature, avoiding traffic lights and reducing one's stress level.
